Dear Charles:

HPD has enjoyed what we consider a successful working relationship with you and your firm.

As you know, HPD specializes in Healthcare, Broadcast and other highly technical markets that demand one-of-a-kind specialized designs, dynamic communications and complete teamwork.

Our past experience with you and your firm has resulted in multiple successful projects due to, in our opinion, the leadership, attention to detail and openness to team input exhibited by your firm on complicated projects.

We also appreciate the knowledge and experience your team brings to the mix on construction methods, BIM design and technologies.

We look forward to continuing our relationship and continued growth together to provide the best possible outcome for our clients.

For The Firm,
