Marine Applications

~STRONG~

Reinforced with aerospace inspired honeycomb panels, Strata Panels™ are a stronger solution, offer more wind, hurricane, and impact-resistance than traditional stonework.

~PRICE~

Bellcomb's high-volume facilities and quarry-direct stone sourcing equates to competitive pricing.

~LIGHTWEIGHT~

Weighs up to 80% less than traditional stone cladding. Our panels weigh approximately 3.5 lbs per sq ft and 4 lbs per sq ft with hardware.

~INSTALLATION~

Light weight, easy-to-handle panels and quick-install connection systems allow you to push the envelope of stone applications.
