

Partners In Caring Hunger

Awareness Program

The ShopRite organization recognizes the pervasive problem of hunger in the neighborhood served by its stores. ShopRite and General Mills (a founding partner of the ShopRite Partners InCaring program) began the program in 1999 as a year-round community based hunger-fighting initiative. With the help of more than 70 manufacturers, the program supports organizations that feed and meet the nutritional needs of families and the elderly who may otherwise go without. For more information please visit:
