# ABOUT JOHN DESILVIA

---

John DeSilvia is a tough-as-nails Brooklyn native and a former union carpenter. A licensed contractor, “Johnny D” earned a degree from the Pratt Engineering School. After graduation he learned the ropes with two of the world’s leading construction firms, then took the plunge and opened his own company, Brooklyn’s Design Tech, for which he’s currently working on a high-end, two family home in Brooklyn. On DIY Network’s *Run My Renovation* series, John leads renovations for 13 different homeowners whose design fate is left up to DIYNetwork.com users. In *Under Construction* he demolished, built, renovated and refurbished projects all over New York. And watch him show real homeowners how to cut up to \$10,000 from their renovation and remodeling projects on DIY Network’s series *10 Grand in Your Hand*. John’s newest show *Rescue My Renovation* takes care of homeowners who have been left high and dry by unscrupulous contractors.

John began his career in the corporate construction world, then started his own general contracting company, owned his own restaurant and then moved on to start his own development company. He began his television career after being approached by a friend who owned a television production company and asked John if he wanted to host a show about his business. A television career was born.

John lives in Brooklyn with his wife and twin girls and he loves what he does for a living.
