# DON'T SACRIFICE YOUR STYLE FOR THE RIDE

---

---

Everything about the cycling experience is incredibly personal. From the reason you decide to go two-wheeled, to the style of bike you ride, to the color of your grips or wheels – it all comes back to you and what makes you feel good. Spoked Bikes & Stuff works with several different cycling companies to curate a collection of the best and most innovative apparel out there.

Sure, we have lycra shorts, bibs, jerseys and everything the roadie in you desires, but there's also a wide range of styles that you can wear all day without having to bring a change of clothes. While there is constantly revolving stock, this lookbook will provide you with an array of the styles and materials available at the shop, and an idea of what's out there to fit your personal needs.

So come visit the shop, try on some of our collection and let us help you find your new favorite riding gear.

**GIRO 'MOBILITY'  
V-NECK**

---

**ALL-CITY 'FAST IS  
FOREVER' WATER  
BOTTLE**

---

---

The 'Civia' SPD clip-in shoes are designed for all-day use, and feature lace-up upper for added comfort – great for walking, riding and spinning. The 'Ride' Halter Bib keeps shorts in place and eliminates bunching around the waist, while the halter style allows you to take off your shorts without having to remove your jersey. The 'Mobility' V-Neck looks casual but is constructed from quick-drying, moisture-wicking fabric and features a hidden zip pocket to store your essentials.

The YNOT 'Bandicoot' bag is great for a night out or on day trips – small, simple design, featuring a shoulder sling with buckle and waterproof inner lining. Giro 'Ride' leggings feature flat lock seams, zippered closure at ankle and storage pockets – perfect for all day use. 'CA Hoop' jersey is loose-fitting and made of breathable mesh for extra comfort on hot days.

CADENCE raw denim jeans are made to live in – on and off the saddle – featuring 2% lycra for flexibility, reinforced seat and double-layer back pockets to slow blowouts and reflective patch for increased visibility.
