

# iPort Surface Mount Glass Installation Instructions

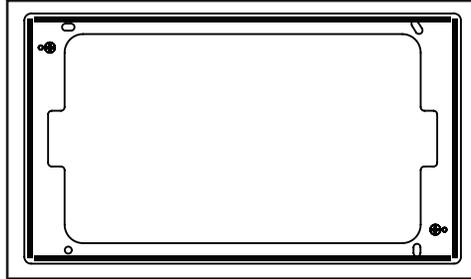

These instructions are intended to help you mount your Surface Mount to a glass surface next to an aluminum channel window using a glass mounting kit #70720.

## Parts Supplied:

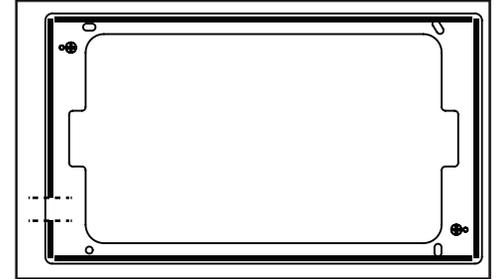

- 4 Adhesive strips for Mini
- 4 Adhesive strips for Air
- 1 Cover for Air
- 1 Cover for Mini

## Step 1

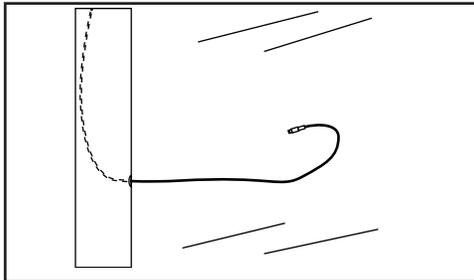

Adhere the adhesive strips on the back of the Surface Mount bracket as shown.

## Step 2

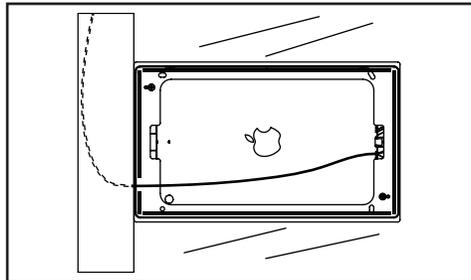

Cut a piece of the adhesive strip where the lightning cable will route behind Surface Mount.

## Step 3

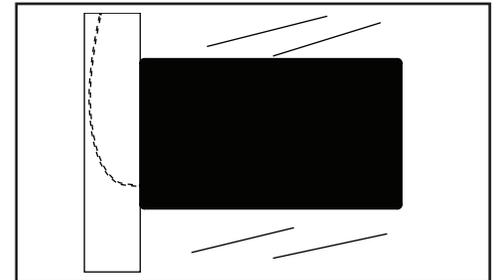

Drill a 3/8" small hole and route the lightning cable down the aluminum channel and out the hole. Make sure there is enough length.

## Step 4

Connect the iPad and place it in the bezel. (See Surface Mount Instructions) Attach the bezel to the bracket. Adhere the Surface Mount to the glass close to the channel.

## Step 5

Adhere the backing label to the opposite side of the glass to block the back of the Surface Mount and iPad.
