

Attention New York State Educators:

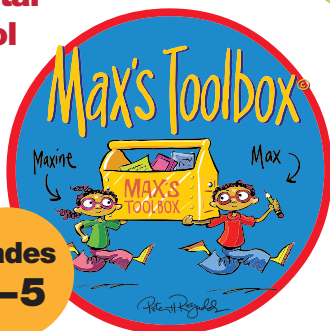

Animation-ish™
A Powerful Digital
Publishing Tool
Cross-Curricular

Your district may be eligible to receive Microsoft voucher funds (\$87 million available). Check to see if your school or district is on the list released by the New York State Department: <http://ow.ly/ujwE5>

The great news is that you can use these funds to purchase FableVision's creativity tools. This is a rare, no-cost opportunity to bring our technology tools to the schools in your district to improve literacy and student achievement.
