

Our Vision at Fifty

MIDTOWN
EDUCATIONAL
FOUNDATION

At age fifty, when most people have turned to wearing reading glasses, MEF has clarified its vision.

Following a period of reflection that's natural to middle age, MEF embarked this past year on an exercise to refresh its organizational vision for the future.

In its simplest form, MEF's vision at the half-century mark is as follows:

Chicago's urban youth will be inspired and guided to positively transform their lives, families, and communities.

The elaborating language contains key points that have enormous implications for Chicago and beyond. These include: *to envision a city where children are hopeful and excited about their futures, and confident and capable of realizing their full potential. And: to imagine a home life where parents in low-income communities, empowered with the knowledge and fortitude necessary to raise children in a challenging environment, take a lead role in their children's education and holistic development.*

This is the language of transformation. Thankfully, after fifty years MEF has thousands of alumni who are walking testimony to its ability to deliver on these words. We thank our supporters, whose names appear in this Report, for their part in the work—and invite them to join in the celebration!

Glenn Wilke, Executive Director

Our Mission

Midtown Educational Foundation guides low-income urban youth in Chicago along pathways of success. Our proven enrichment programs embrace the dignity of the person by focusing on academic excellence, virtue development, individual attention, and parental engagement.

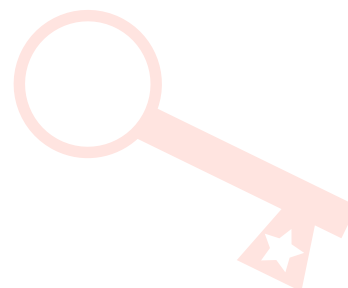

MEF programs are rooted in Catholic moral and social teaching and embrace students regardless of their religious, racial, ethnic, or familial status. MEF received its original inspiration from Opus Dei, an institution of the Catholic Church, and continues today its partnership with Opus Dei.

A Summary of MEF Programs:

Walgreens One-on-One Program (4th to 6th grade)

Exceptional individuals serve as volunteer tutors/mentors for students. In weekly sessions, they help students with homework, present them with positive role models, and develop in them the study habits associated with high achievers.

Midtown/Metro Achievement Program (7th & 8th grade)

Math, science and English courses prepare students to enter college preparatory high schools and ultimately, college. Character development helps students begin to form a decision framework and vision for their future.

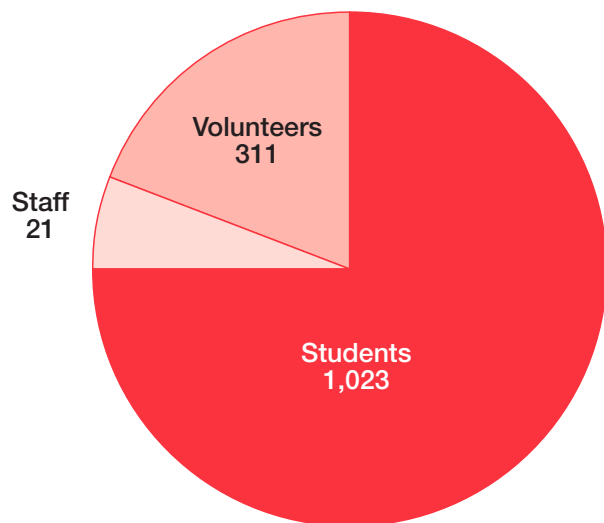

College Orientation Program (9th to 12th grade)

College, career and social readiness are emphasized in this program, which offers ACT prep, rigorous academics, enriching character classes, and help with college and scholarship applications. Students also engage in extracurricular offerings such as apprenticeships, community service projects and cultural and college field trips.

The Parenting Program

Seminars, support groups and individual counseling support parents in their important role as the primary educators of their own children.
