ISIS LOTUS HEALING

This highly effective spiritual energy healing is based on ancient Egyptian healing methods and is an alchemical healing system. Isis is the Egyptian goddess of magic, healing and spiritual science and following her spontaneous initiation Elisabeth can now transmit this wonderful healing energy to others.

The divine feminine indigo blue energy of Isis is used for this healing system derived from a powerful mystical healing experience Elisabeth had while meditating in the Queens Chamber of The Great Pyramid in 2003.

Elisabeth has returned to Egypt seven times to lead her own Isis Sacred Journeys. During this time additional course levels were given to her as she channelled, led meditations and initiated participants in the temples and pyramids. Elisabeth herself has been initiated as a High Priestess of Isis, Sekhmet, Thoth and Anubis in the Great Pyramid.

This is a very different system of healing utilising energies from Sirius and the ancient Egyptian gods and goddesses. All levels include attunements / energy initiations to the Isis blue and white healing energies plus other ancient Egyptian divinities. These are a highlight of the courses as Elisabeth is a very powerful and skilled healer. Also activates your 12 strand DNA and psychic abilities. Authorised Isis Lotus Healing Teachers undergo a lengthy professional training program with Elisabeth & have the same ability to transmit the Isis Blue Healing Energy.
