

**FOR IMMEDIATE RELEASE**

## **THE PDX PROJECT** **JULY 10TH - 25TH**

One Grand Gallery, a contemporary art and design gallery, is proud to present our newest group exhibition, ***The PDX Project***. For the month of July, One Grand will be paying homage to the late, great PDX carpet. The redecoration of Portland International Airport became a topic of discussion when it was announced that the cult followed PDX carpet would be replaced. The design has become a symbol, a hashtag, an aesthetic all its own, and its absence will be felt by strangers visiting and locals coming home a like.

In collaboration with The PDX Project, one of the four awardees of the precious Portland Airport Carpet, One Grand Gallery will continue the legacy of the PDX carpet as an icon of Portland. Throughout July we will be exhibiting the work of twenty innovative artists with no restrictions or specifications. Inspired by the carpet itself, airport culture, or the death of the carpet: If this carpet could talk, what would it say? Some will be incorporating pieces of the original carpet, while others celebrate the motif, trend and influence of the 1987 SRG designed carpet. Our floors will be decked out in original, preserved PDX carpet with unmissable events happening all throughout the month. Join us in bidding farewell to the PDX carpet on July 10th at 7PM, before it becomes another piece of Portland nostalgia.
