

31060 Cottage Hill Road - Redwood New York 13679

Thank you for your interest in applying to the betterArts Residency Program! betterArts is a not-for-profit 501(c)3 corporation that seeks to provide an opportunity for creative exploration and growth to visual artists, writers and musicians and broadcast professionals within the context of Better Farm's dynamic environment.

Located 10 miles from Alexandria Bay and the Thousand Islands, Better Farm is situated on 65 acres of property offering an unparalleled rural living experience. The property features the following amenities for our artists-in-residence to enjoy:

- 24/7 access to studio space in two-story, rustic Art Barn (seasonal use—winter studio space in main farmhouse)
- Shop space and stocked tool shed for wood workers and welders
- Year-round workshops (available at no cost to artists-in-residence)
- 18 lakes in a 20-mile radius
- An on-site pond
- On-site library
- Marketing staff offering publicity opportunities in radio, TV, online and in print
- Communal living spaces with private bedrooms
- 24/7 access to fully stocked, communal kitchen (meal prep is up to you, though people often cook together)
- Vegetable, fruit, aquaponic and herb gardens
- Better Radio, a radio station operated out of Better Farm and available to broadcast professionals for segments and artists for publicity, interviews and live studio sessions

betterArts residents at Better Farm are expected to interact and participate in the goings-on around the property (helping with farming, doing minor construction projects, community outreach, hosting a workshop, or assisting with other odd jobs) an average of 3-5 hours per week in addition to their own work

on their art. Artists may set their own schedules and choose which projects they participate in at the farm. All those accepted for residency are expected to work seriously—and to conduct themselves in a manner that aids fellow residents in their endeavors. Standards for admission are talent, a desire to live and work at Better Farm, and a willingness to have a go at the Better Theory: a belief that each moment presents us with the opportunity for exponential personal growth.
