Preliminary Floodway and Floodplain data for Delaware were extracted from digital files supplied by the Federal Emergency Management Agency (FEMA), Washington, D.C., 1986.

Preliminary Floodway and Floodplain data for Pennsylvania were extracted from digital files supplied by Dewberry and Davis for FEMA, 1986.

April 1998

This map was produced by the Water Resources Agency for New Castle County under contract to the U.S. Department of Interior, National Park Service, for the Wild and Scenic Rivers Study. This Study was authorized by the U.S. Congress by the White Clay Creek Study Act (P.L. 102-215) on December 11, 1991 which amended the Wild and Scenic Rivers Act (P.L. 88-542).

This map is provided by the Water Resources Agency for New Castle County solely for display and reference purposes and is subject to change without notice. No claims, either real or asserted, as to the absolute accuracy or condition of any data contained herein are made by the Water Resources

NOTE:

Floodplain and floodway data are preliminary in nature and are for information only.
