

Glass Table Lamps

Our glass table lamps are all bespoke and individually hand-blown to order. As each section is blown separately, up to three colours can be chosen from a selection of fifteen glass colours, complimented with a select range of fittings, flexes and bulbs. All our lights are designed, hand-blown and made in the UK.

Glass Colours

Glass colour samples can be sent on request. The transparent and semi-opaque samples are separate packs so please request both if required.

Transparent

Semi-Opaque

Please Note:

The above colours are only a guide. When glass is hand-blown the colour will naturally vary depending on the shape and thickness of the piece. Any small imperfections, slight variations in colour and size are part of the making process.

Flex

The fabric twisted flex is stocked in six colours. Other colours or styles of flex are available on request.

Colour Way Examples

Ruby
Purple

Turkish Blue
Purple

Garnet Red
Ruby

Smoked Olive
Mocha

Citron
Emerald

Rosa

Always use a qualified electrician for all repairs.

As each piece is individually hand-blown there may be some slight variation in colour and size.

Information

Conditions of Sale

Orders require a 50% deposit of the total amount for work to commence. If an order has been placed but then cancelled, Curiousa & Curiousa will retain the deposit. The finished order will be posted to the customer on receipt of the balance payment, ideally one week before the delivery date.

Delivery

Delivery costs are not included within the prices stated in the specification sheet and will be quoted at the time of ordering. We can post within the UK and worldwide. Delivery will take approximately 6 - 12 weeks (depending on quantity) from receipt of the deposit, unless otherwise arranged. A dispatch note will be sent by email referencing a tracking number for each package; all packages have to be signed for on delivery. At the time of receiving the light, it must be checked thoroughly for damage. If it has been damaged in transit a replacement piece will be resent at no extra cost. However, any damage subsequent to delivery being taken will not be deemed our responsibility and therefore any replacement will incur additional costs.

Bespoke Lighting

Glass colour samples can be ordered with no charge. Special colours can be blown at a cost of £30 per sample. Bespoke commissions can be undertaken, with a quotation provided at the time of enquiry. Please note that each piece is unique and free-blown, any small imperfections, slight variations in colour and size are part of the making process.

Repairs

It is important that a qualified electrician undertakes electrical repairs. If you damage your light we offer a full repair service and a quotation will be supplied at the time of enquiry.

Cleaning

We recommend you polish the glass with a spray of water and an E-Cloth (<http://www.e-cloth.com>). Care must be taken not to pull the flex or allow water to fall on the fitment. Regular dusting with a feather duster will also help keep the glass clean. Cleaning packs are available at an additional cost of £10 each (ex.VAT).

Installation

The light piece must be installed by a qualified electrician and in accordance with current wiring and building regulations. It is the customer's responsibility to ensure all suspension points for any light piece is sufficient to safely hold the specified weight. Fixings to the ceiling are not supplied – please use suitable fixings for installation. Installation is the responsibility of the customer unless otherwise stated on the quotation.

Maintenance

Upkeep of the light piece is the sole responsibility of the customer unless otherwise arranged.

Copyright

All designs and drawings exclusively prepared by C&C shall remain vested in C&C and belong unreservedly to C&C.

UL Fittings

We can supply fittings for North America. A braided oval flex is used for these fittings, available in all the standard flex colours. We stock E26 Squirrel Cage bulbs but on some occasions customers will have to source their own bulbs.
