

We hereby provide information from our institution/department/industry to be included in the list of CCS-institution/industry to be published on the ACT-homepage (www.act-ccs.eu).

1. Name of Institution:

Helmholtz-Zentrum Geesthacht, Centre for Materials and Coastal Research

2. Abbreviation:

HZG

3. Department:

Institute of Polymer Research, Department of Process Engineering

4. Speciality (ies) field within CCS:

Membrane development and technology for CCS applications:
CO₂ and H₂ selective polymeric membranes; Pilot scale membrane production; Membrane module design and manufacture; Process modelling and simulation; Pilot plant operation

5. Web-page:

<http://polymerresearch.hzg.de>

6. Other info:

7. Contact person:

| | | |
|-----------|--|--|
| Name: | Torsten Brinkmann | Sergey Shishatskiy |
| Position: | Head of Department | Scientist |
| Address: | Helmholtz-Zentrum Geesthacht; Institute of Polymer Research; Max-Planck-Straße 1, 21502 Geesthacht, Germany | |
| e-mail: | torsten.brinkmann@hzg.de | sergey.shishatskiy@hzg.de |
| Phone: | +49 4152 87 2400 | +49 4152 87 2467 |

Place and Date: Geesthacht, 22.07.2016

Signature:
