2130 Partners, Capistrano Beach Dwight Frindt, Principal

For 18 years, Dwight and Suzanne Frindt have provided executive leadership development through 2130 Partners. The firm's program, Vision Centered Leadership™, focuses on a triple bottom line of financial success, personal and team growth, and

social contributions. Frindt's program has been used by CEOs and senior executives for Vistage International, a 13,500-member organization dedicated to increasing the effectiveness of chief executives and those they influence.

Frindt also has a 30-year affiliation with The

Hunger Project, a global, strategic organization committed to the sustainable end of world hunger. He and his wife have made significant contributions to The Hunger Project, traveling the world to assist with its programs.

His diverse background in mining, heavy construction and real estate management helps him in guiding other executives.

Frindt holds a bachelor's degree from Northwestern University and a master's from Harvard Business School.
