Orientation to:

Workshop for Research Finding Analysis and Conference Paper Writing

Carl Middleton Ph.D.
Workshop/ writeshop objectives

• Support your analysis of your data collected in your fieldwork
• Support your preparation of a conference paper that will highlight your main research findings (to be presented at the WLE Forum in November 2016)
• Advise you on the remaining period of the fellowship, including the production of the research report, policy brief, and second blog
• Encourage cross-basin learning
Today: This morning

• Introduce yourself. Share:
  – Your main findings to date;
  – your most important success;
  – your most significant challenge

• Breakout groups:
  – 10 minute presentation per person on your research to peers in the group and to the mentor/ facilitator.
  – *Followed by 5 min Q&A from group mentor and fellows per presentation*
Today: This afternoon

- Managing and initial analysis of in-depth expert + semi-structured interview data, including linking data to concepts
  - Breakout group discussions on managing data
