FEISZLI

2011

"Michael LaMacchia's adventurous new trio recording is an alluring arc of luminous songwriting and deeply centered conversations that capture our attention and invite us to participate. "Our Song" sonically narrates of a very personal journey that shimmers with a blend of pastoral memories, mysterious storytelling and vulnerable confessions. Each of the eleven songs takes shape from spirited group interaction and contoured dynamics that together, reward us with incandescent insight and reflection into our own passage."
Great Jazz Pianist Ken Cook

MICHAEL LA MACCHIA 3io

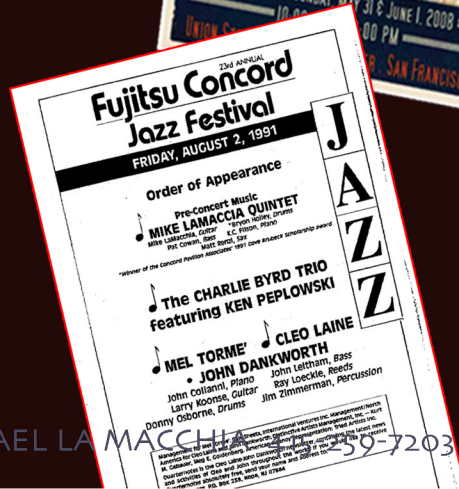

"The exciting jazz presented by the Michael LaMacchia Quintet at the 23rd Annual Fujitsu Concord Jazz Festival was a wonderful Addition!"
Brad Schulenberg,
Concord Pavilion

"LaMacchia opens up his trick bag with distortion and syncopation that recall classic Meters, and the driving bass and percussion do much more than just keep it up. The band burns through rock, jazz, funk and reggae that's met with enthusiasm from the crowded dance floor."
Matt Kramer,
Pacific Sun

"Guitarist Michael LaMacchia's Rhythm & Jazz Music Incorporates passionate original compositions over strong Latin-tinged rhythms."
Yoshi's Jazz Club,
Oakland, CA.

"Michael LaMacchia & the Funk Development Project (renamed Michael LaMacchia's Organic Jive Collective) lays down tight, wet, drivin get yo' ass up Funky Grooves, They will get your Ya Ya's out!
