## Maximise Performance Achieve Success

Since 1986 ACADEMIC TASK FORCE has helped over 100,000 students boost their academic results

## Why choose ACADEMIC TASK FORCE?

Academic Task Force has worked with schools and families for 28 years and knows the local education scene well. We are a WA family run and owned company and are one of the longest established and most experienced education providers in Western Australia.

We have a team of highly qualified teachers to help you. Whether you are a high achiever or would like additional support in reaching your potential, Academic Task Force can help you achieve the results you are aiming for.

Our **HELP classes** will help you revise what you learn at school and better understand areas you find difficult.

**Maths classes:** Bring your individual concerns each week and an experienced teacher will help you understand and solve your problems. In the small class (4 - 8 students) you will receive individual attention for your specific needs. The teachers will provide extra work for those who wish to extend themselves.

**English classes:** Teachers will focus on a section of the curriculum, such as grammar and punctuation, essay writing or reading comprehension each week. Strategies will be provided and you will practise your skills in the class and receive individual help from the teacher.

**Science classes:** Teachers will work with you to help you understand new or difficult scientific concepts and extend your knowledge and confidence in the subject.

### With our Premium HELP classes you will receive:

- ▶ Individual attention from experienced teachers who are trained to help you understand
- ▶ The benefit of small groups for individual attention to your own concerns
- ▶ An opportunity to overcome challenges and improve your academic performance in Maths, Science and English
- ▶ A boost in confidence as you will have a caring, knowledgeable teacher who understands your needs and is there to support you each week.
