Welcome to Internal Harmony Center. **Please read and sign this form before completing the rest of the forms.**

We do our very best to ensure that we provide the highest quality hypnosis services available. We do this by constantly improving our techniques and keeping up with the latest developments in the field of hypnosis. This hypnotherapist that will be working with you is certified by the National Guild of Hypnotists.

As one might expect, there is some variation in the length of sessions. We try to keep to a strict schedule, but sometimes we may run late. Please excuse us if we do. Sometimes continuing a session for another 10 or 15 minutes can save a great deal of time in the long run for the client. Or, stopping the session at a particular time may be inappropriate because the issue being dealt with is emotional, and the client needs some time to regain composure before returning to the waiting area. So, sometimes we will run a little late. Note that it is usually for a good reason.

Lastly, hypnosis is a very powerful process that has helped thousands of Americans to make the kinds of changes that they want to make in their lives. However, hypnosis is not mind control. For example, no one, not even the very best hypnotist, could make you lose weight, or stop smoking if you really don't want to. Nor could he or she accurately predict how many sessions it will take. Most people (but not everyone) begin to experience the benefits (from the very first session) and most people are done in four to six sessions. Ultimately, you are responsible for the changes that occur as a result of the hypnosis sessions.

This is both "good" and "bad". It is "good" because, after you have made the changes that you want using hypnosis, you deserve a great deal of the credit, and this knowledge helps you to make more changes in your life. But, on the other hand, it is bad because we cannot guarantee that the changes will come about. In fact, this is true in any situation where a professional is trying to help you. There is always a human factor. Doctors don't guarantee that you will get well. Teachers can't guarantee that you will learn, and lawyers can't guarantee that you will "win" your case. What we can guarantee, here at Internal Harmony Center, is the very best service, using current information and appropriate hypnotic techniques for your situation.

Clients must make any changes (eg. Rescheduling or canceling their appointment) at least three working days before their appointment or they will be charged for the appointment.

By signing this, I am stating that I have read this form and understand that, like the other healing arts, the practice of hypnosis and hypnotherapy, is not an exact science: Therefore, results are not guaranteed, nor are refunds given for services rendered.

State Registration Code: 60568516

By law I am required to disclose certain information to my clients. This is for your protection.

I graduated from Cascade Hypnosis Center. I trained with one of the finest hypnotherapy programs in the nation, an advanced program called 5-PATH, taught by Erika Flint at the Cascade Hypnosis Center in Bellingham, Washington. I am a registered and certified hypnotherapist and a certified 5-PATH hypnotherapist. I am a board certified member of the National Guild of Hypnotists.

In my practice I use hypnosis to help people discover the subconscious reasons for their symptoms, behaviors, or habits. When they are discovered, I use certain tools and techniques to help the client release them and relearn a new positive way of thinking, subconsciously. This is called hypnotherapy.

My fee is \$_____ per session, which typically lasts from 80 to 100 minutes. Evening and weekend sessions are available at the rate of \$_____ per session.

Payment is expected at the time of the session.

The session is confidential, this is your right by law, unless:

- You have given written consent stating otherwise.
- You confess of a major crime or felony (no one can make you divulge secrets under hypnosis).
- You are a minor, and there is physical evidence of abuse.
- There is a subpoena for court relating to this session.
- Or if there were charges brought against me for unprofessional conduct as described in the Washington State Uniform Disciplinary Code.

Making Appointments, Missed Sessions, and Rescheduling Policies

Making Appointments Policy

We require a credit card number or an advanced payment (check/cash) to hold and confirm an appointment. Credit cards will not be charged unless you do not show up, cancel, or reschedule your appointment without the required three working days (ie. Monday- Friday) notice. Checks will not be deposited until two days before appointment.

Cancellations, Missed Appointments, and Rescheduling Appointment Policy

Credit cards will not be charged if the client cancels or reschedules three office (working) days before the day of the appointment. For example, if the appointment is on Thursday, in order to not be charged for an appointment, our office must be notified of the change no later than Monday during office hours. No exceptions.

Clients making cancellations, missing appointments, or rescheduling on the same day as the appointment will be charged for the time scheduled for that day, because we will be unable to utilize that time to schedule in another client upon such short notice. No exceptions.

This is being done to ensure that our appointment times are being best utilized. Many clients are needing to wait 1-2 weeks to come in. If we are given enough advance notice, then we are able to schedule our clients efficiently.

This will also ensure better use of our hypnotherapists time. Hypnotherapists better serve our clients when appointment times are being kept.

We thank you for your understanding and we look forward to serving you.

I have read and understand the appointment policy:
