

# Following and Fishing

Jesus promised us that if we'll follow him, he will teach us to fish for people.

Has anyone ever taught you: **How to connect with people? How to share your story? How to share God's story, the gospel? How to invite someone to read the Bible with you and discover Jesus for themselves?**

That's what you'll be learning in the Following and Fishing training for making disciples.

We run this training in many different settings, and wherever people implement we hear stories of people coming to faith in Jesus and learning to follow him in discipleship.

## Following and **Fishing**

Following and Fishing equips people to make disciples among those who are far from God, using simple, reproducing methods. Those methods are based on best practice from disciple making and church planting movements around the world.

Following and Fishing can be delivered through eight sessions run either weekly, fortnightly or spread over a number of Friday night and Saturday trainings.

The learning environment combines skills training with real world experience.

### TRAINING OUTCOMES INCLUDES:
