

Tourism Works PAC

Tourism Works Political Action Committee is about building the power necessary to make a difference for the tourism industry.

The Utah Tourism Industry Coalition needs to build political power by integrating and mobilizing resources around a pro-tourism agenda – engaging the tourism industry in the political process and raising PAC money. The Tourism Works PAC will work to elect pro-tourism candidates. Building our power base and forwarding UTIC’s legislative agenda is what the Tourism Works PAC is all about. Raising political money is a significant part of the power building, but we also want to build and enhance strong relationships with Utah’s elected officials.

The purpose of Tourism Works PAC is to help support members of the Utah House & Senate who support the tourism industry’s goal and objectives. This PAC is the vehicle through which you can support those candidates who share your commitment to the tourism industry. The Tourism Works PAC is more than a political fund, it will support our political voice and be an instrument of our collective power.

Questions? Contact Nan Anderson at info@utahtourism.org

What is a state PAC?

A state PAC is an organization set up to collect contributions from businesses, organizations as well as individuals; these funds are combined together to make a contribution to state legislative candidates.

Where do Tourism Works PAC contributions go?

The Tourism Works PAC will make direct contributions to candidates for the Utah Legislature. Contribution decisions will be made in a non-partisan way, based upon a candidate’s position on tourism.

Who can contribute?

Anyone can contribute to the Tourism Works PAC – businesses, individuals, employees. Tourism Works PAC contributions are NOT tax deductible. This is not a federal PAC which has other restrictions.

How do I contribute?

Make your check payable to: Tourism Works PAC and send to:
