

Seamstresses and notions. This is my preferred side for seamstresses. Directly on the side closest to the road is a gown vendor who does fine quality. I highly recommend her. There is also a vendor that makes custom curtains. Here you will also find notions, padding and many other sewing items. Grandiose stall 214 pasillo 1 does all my alterations to dresses. I have also had mending done at stall 213 pasillo 2 and roman shades made by lolo at stall 194 pasillo 2. I have also had a skirt duplicated at Edwards stall 204 pasillo 2.

Fabric and random. In this section you will find fabric, costumes and other clothing items. Find Lalim at Samsons stall 68 pasillo 3 as she has 16 different stalls all with fabric and will you give you the 'Amber price'.

Native Section. Here you will find native baskets, mats, souvenirs, home goods and fake flowers. Maricel is often running stall 137 and is super helpful and can give you the 'Amber price'.

Clothing. In this section you will find costumes, underwear and other clothing items.

Seamstresses. In this section you will find seamstresses. You will find seamstresses who repair, make patches and a small number who make gowns. (The left side has more professional gown making vendors.) I have used the vendor at Pasillo 6 Stall 2 and she was fine.
