with Caterina Rando, Thriving Women in Business Community

Your clients are the most important thing in your business. Client appreciation is more than saying thank you over and over. It is a skill you can develop and master to ensure your clients are thrilled to be with you for many years. In this teleclass, Caterina will share her special strategies and super tips to ensure your clients always feel appreciated and always keep coming back. You will leave with what you need to make sure your clients feel more appreciated with you than with any one else they do business with.

*Caterina Rando, MA, MCC, shows women entrepreneurs how to be loud and proud about the value they bring in order to massively monetize their mastery.
