The Cram Group
Spotlight   March 2011

Leverage the Enterprise Cloud Service & Support for Managing Office Business Applications across your entire organization.
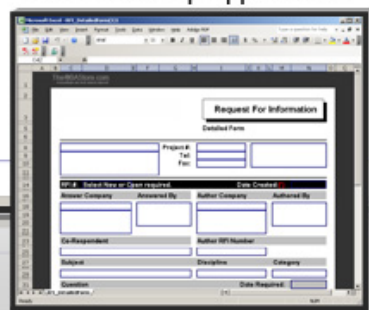

The ProjectXnet OBA Repository is the enterprise way to manage Office Business Applications (OBA's) over the internet. Make your life easier by by leveraging cloud services & support which result in satisifed users and efficient deployment of this emerging technology.
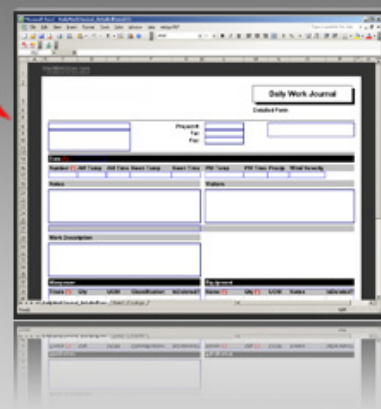

ProjectXnet OBA Repository
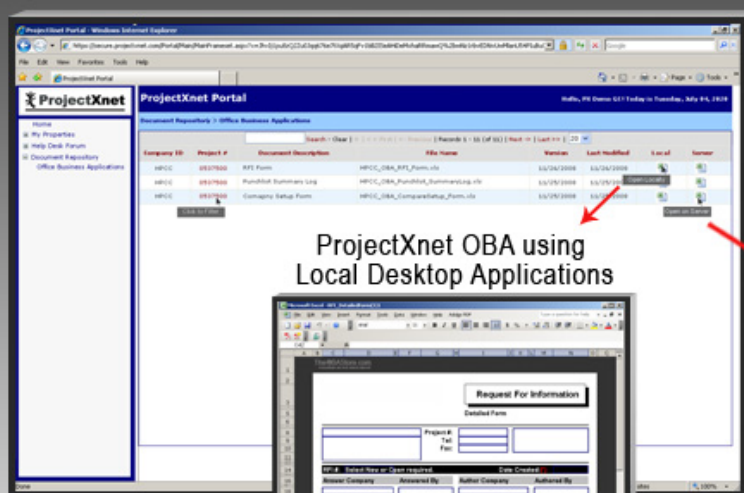

Total OBAs: 53 | Doc Control: 24 | Field Admin: 20 | Admin: 6 | Reporting: 3

Benefits of The OBA Repository for IT:

- Simple software as a service (SaaS) application
- Distribute all your obas from one central location
- Works with any Prolog Converge installation

Benefits of The OBA Repository for Construction:

- Jobsite users have access to the right OBA's
- Eliminate Jobsite installation and desktop issues
- Enable users to work quickly from anywhere

Need custom forms? Need hosting? Dont know where to start?
