

Linna Tan

Exotic Dance Instructor

When Linna, who has been a Dance Instructor for the last three years, read about the increasing popularity of Exotic Dance in the United States, she felt that it would be something Singapore women would be interested in too. So she did her homework, trained and developed a programme that catered to women from all walks of life — the homemaker, the savvy career woman to the

groovy granny. Linna believes that Exotic Dance is more than learning the moves. Because of her quirky sense of humour and engaging personality, she is able to turn the most bashful into confident women who are more intuned to their femininity.

More than 400 ladies have taken lessons under Linna. Even though many of her students do not have dance experience, her ability to breakdown steps and teach them the correct body isolation techniques, enables them to grasp the basics of Exotic Dance and move on to more advance levels.

Linna has been featured in several TV programmes and publications such as Get Real! by Diana Ser, a docu-feature of Exotic Dance by Arts Central, The Sunday Times, Elle Magazine, Shape, just to name a few. This is testament to her ability as an Exotic Dance Instructor and that Exotic Dance is here to stay.

What is Exotic Dance?

It is an art form that tastefully accentuates the curves on a woman's body through sensual and feminine movements that are specially choreographed to help her exude confidence and style as she sheds her inhibitions.

What can Exotic Dance do for you?

Exotic Dance is not just about learning the moves. It is about the attitude and the message you want to communicate to your audience; maybe that special someone. As you go through the course, we hope to start you on the journey of releasing your sensuality. We believe it is every woman's desire to look her best and we will help you enhance and draw attention to your assets to make you most desirable.

There are some moves that are challenging and physically demanding but do not be intimidated as they will be broken down for you step-by-step. In order to prevent unnecessary injury, time is spent during each lesson to work on toning and strengthening of muscles and flexibility training. After learning the basic moves and techniques, you will progress to learning simple routines that will show you how to incorporate the individual steps.

Because the Exotic Dance class is open only to ladies, you will have the chance to meet other women who want the same things out of the lessons and who also bring unique qualities that will make your lessons interesting. As you interact with each other in a nurturing environment, we encourage you to exchange ideas and advice to make your Exotic Dance lessons more beneficial.

Most importantly, Exotic Dance is a great hobby to pick up. It is fun and very sexy!

Whom is Exotic Dance for?

These classes are only for ladies.

You do not need to have any dance experience because the beginners' classes are structured for women like you in mind. As you get better, you can progress to the next level or sign up for workshops that allow you to work more on perfecting your technique.

For the more advanced or experienced dancer, special workshops will be available on an ad hoc basis to help you meet your potential as a bona fide Exotic Dancer.
