

The Bay of Quinte Remedial Action Plan

Have your Say about the Bay.

After extensive scientific research, three of the environmental challenges facing the Bay of Quinte are ready to be removed from the impaired list.

Send in your comments about whether you agree/or not that:
fish and wildlife populations & habitat and
underwater bugs are healthy and diverse in the Bay of Quinte.

Details can be found at: www.bqrap.ca
Deadline for comments is: Friday, May 5, 2017

In partnership locally with Lower Trent Conservation and Quinte Conservation
