About Viriathus Research

Viriathus Research LLC is an independent research firm that provides institutional-quality, fee-based research to emerging growth companies. Viriathus Research’s research products are free of investment ratings, target prices, and forward-looking financial models. Instead, the products provide detailed, expertly articulated reports that provide investors with details on the subject company’s fundamental information.

Forward-Looking Safe Harbor Statement

Statements in this press release regarding the future financial and operating results, potential applications of the Company’s technology, opportunities for the Company, and any other statements about the future expectations, beliefs, goals, plans, or prospects expressed constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Any statements that are not statements of historical fact (including statements containing the words “will,” “believes,” “plans,” “anticipates,” “expects,” “estimates,” and similar expressions) should also be considered to be forward-looking statements. There are a number of important factors that could cause actual results or events to differ materially from those indicated by such forward-looking statements, including limited operating history, need for future capital, and economic conditions generally. Additional information on potential factors that could affect results and other risks and uncertainties are detailed from time to time in the Company’s periodic reports.

These statements, and other forward-looking statements, are not guarantees of future performance and involve risks and uncertainties. Viriathus Research assumes no obligation to update any of the forward-looking statements in this release.
