| 6. Minnesota | 424.40 |

OKLAHOMA WINS ITS 10TH NATIONAL CHAMPIONSHIPS
IN A DOMINATING PERFORMANCE

UNIVERSITY OF OKLAHOMA

UNIVERSITY OF OKLAHOMA

Defend for 10. The mission statement that has driven the top-ranked Oklahoma all season is officially outdated. Saturday night at St. John Arena in Columbus, Ohio, the Sooners scored 443.400, capping a second consecutive undefeated season and claiming the 10th NCAA championship in program history.

Oklahoma's team total was good enough to secure a 10-point victory, the largest in NCAA history, over second-place Stanford (434.050) and lay claim to its fourth set of back-to-back titles.

In addition to the team title, the Sooners also won a pair of individual national titles. Freshman Yul Moldauer became the eighth Sooner in OU history to win the NCAA all-

2016 NCAA ALL AROUND CHAMPION
 YUL MOLDAUER: U. OF OKLAHOMA

around title, with a score of 89.100. Colin Van Wicklen also topped a podium Saturday night, winning the national title on floor with a score of 15.300.

In total, seven Sooners won a total of 16 All-American honors, earned by finishing in the top eight of an event.

Oklahoma started its night on floor and improved on its prelim performance by nearly a full point. The Sooners were led by Van Wicklen's championship performance, and also got a 15.100 from Kanji Oyama and a 15.000 from Moldauer. Hunter Justus was a late scratch from the lineup with an injury in warmups.

Oklahoma was solid on pommel horse where Allan Bower paced the Sooners with a 15.100 from the anchor position. Freshman Genki Suzuki also turned in a big performance for OU, scoring a 14.800. However, after two rotations OU was in an unfamiliar position, sitting in third place.

That wouldn't last long however, as Oklahoma moved to still rings in the third rotation. Led by a 15.200 from Justus, OU totaled 74.500 to vault into the lead. Thao Hoang scored 14.950, Moldauer totaling 14.800, Reese Rickett sticking for a 14.800 and Oyama turning in a 14.750.

The fourth rotation proved to be crucial with Stanford competing on floor, its best event, and trailing OU by just a fraction. The Sooners competed on vault, where they exploded with four scores topping the 15-point mark. Van Wicklen set the bar high for OU, scoring 15.250. Bower (15.050), Moldauer (15.000) and Oyama (15.200) also hit big vaults. OU's huge numbers on vault bal-

looned its lead to more than four points over the second-place Cardinal.

The Sooners saw five solid routines on the parallel bars, including Moldauer's 15.250. Stanford struggled on pommel horse in the rotation and with just one event left, had fallen to fourth place.

OU put the bow on its national title on high bar. Van Wicklen and freshman Levi Anderson paced the Sooners with a pair of 14.800s. That high bar score secure the Sooners' 443.400 and the seventh national title of Williams' career.

STANFORD UNIVERSITY

Stanford scored 434.050 to finish second Saturday at the NCAA Championships Finals, earning its 10th top-three finish in the past 11 years. Stanford's second-place finish is its second consecutive runner up finish and remains its highest since it won the 2011 NCAA Championship.

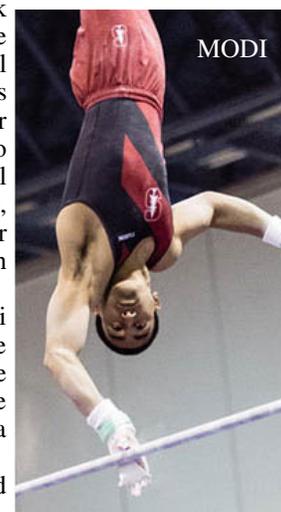

Akash Modi took home first place finishes in parallel bars (15.300) as well as high bar (15.200). Modi also placed 2nd in the all-around (88.50), tied for 8th in floor (14.650) and 10th in vault (15.000).

Dennis Zaremski was clutch for the Cardinal as well, re-claiming his title in still rings with a 15.450.

The Cardinal led after the first event, taking a 74.050 on vault to lead the field. Akash Modi led the Cardinal with a 15.000 vault with Gabe Flores right behind him, landing a 14.850.

Heading into parallel bars, the Cardinal was phenomenal again as Akash Modi took the event title with a 15.300 with his fellow Cardinal all scoring 14.500 or higher.

High bar up next saw the Cardinal come out red-hot with the first four Cardinal nailing 14.550 or higher until a falter in the end showed the first flaw of the day for Stanford. Akash Modi took home the event title with a 15.200.

Still in the hunt, the Cardinal was ultimately derailed by pommel horse where it posted a 67.650 for its lowest score of the year.

A highlight still remained in rings for Stanford as Dennis Zaremski crushed a 15.450 to take the NCAA title while every Cardinal took a 14.450 or higher in the event.

OHIO STATE UNIVERSITY

Alex Johnson won a national title on high bar, six athletes earned All-America honors and Ohio State finished third as a team at the 2016 NCAA Men's Gymnastics Championships Saturday night at St. John Arena, the best finish for the Buckeyes at the NCAA finals since 2005.

A crowd of 3,592 witnessed Johnson win his first career national title on the final routine of his college career, a season-best performance and score of 15.200 that tied him at the top of the podium.

Led by Johnson, six different Buckeyes were named All-Americans, the most at an NCAA championship in school history.

The Buckeyes came out of the gate strong with scores of 73.450 on rings and 73.900 on vault, surging to second place overall. A 69.850 on parallel bars dropped OSU to fourth, but the team

rebounded with scores of 72.550 on high bar, 71.850 on floor exercise and 71.450 on pommel horse to capture the third-place trophy.

Freshman Alec Yoder won three All-America awards at his first NCAA championship meet, highlighted by a runner-up finish on pommel horse with a score of 15.300. He added a seventh-place finish on rings (15.050) on his way to a fifth-place performance in the all-around with a score of 88.050.

Redshirt sophomore Sean Melton collected two All-America honors at his second NCAA championship, bringing his career total at Ohio State to six. He was fourth on high bar (14.950) and fifth on rings (15.150). Initially entered in the all-around, Melton was a scratch on floor exercise following an injury on vault in the third rotation.

Two Buckeyes earned their first career All-America awards with Seth Delbridge, using a career-best score of 15.350 to earn runner-up honors-vault, while Alex Wilson tied for seventh with a 15.100-vault.

Emeric Quade also collected his first career All-America accolade in his final career meet, finishing fourth on floor exercise with a score of 14.800.

UNIVERSITY OF ILLINOIS

For the sixth-straight season, an Illini

earned an individual national championship as Brandon Ngai continued the streak after posting a score of 15.450 to win the pommel horse competition. Illinois returns home with

NGAI

four All-Americans; accompanying Ngai are Logan Bradley on pommel horse, Tyson Bull on high bar and freshman Alex Diab on high bar. UI turned in a team score of 432.050 to finish with fourth-place honors in an all-out battle from the St. John Arena on Saturday, April 16.

Illinois opened the evening on the high bar and was led off by three-straight stuck dismounts thanks to Ross Thompson, Max Mayr and Alex Diab. Diab's 14.900 on the event led the Orange and Blue and held on to earn fifth place. Tyson Bull tallied a 14.800 to secure a share of sixth. Chandler Eggleston scored a 14.500 while Mayr earned a mark of 14.400 and Thompson posted a 14.350.

The Illini headed to the floor exercise where Bobby Baker led the group with a score of 14.600. Eggleston was just behind him with a 14.500 reading while Logan Bradley and Diab each posted marks of 14.450.

Brandon Ngai notched a 15.450 to lead the Fighting Illini on pommel horse. Bradley also hit the 15.0 mark, posting a 15.200 to take fourth place and earn his third-consecutive All-American honors on the event. Baker earned a 14.400 reading on the event.

Tom Gibbs opened on still rings and scored a 14.700. Baker led the Orange and Blue's efforts with a score of 14.850 to take 10th place. Mayr also added a 14.700. Diab was just behind with a 14.650 of his own.

Blake Martin opened the Illini action on vault by tying his career-best score of 14.800 that he set the previous night. Martin's mark led the Orange and Blue and tied for 17th overall on the night. Fred Hartville turned in a 14.750.

Heading into the final rotation, Illinois sat in second place behind just Oklahoma. The Illini owned a half point advantage on the hosts and over a two-point lead on Stanford.

The Orange and Blue closed the night on parallel bars with a team reading of 70.650 for its sixth score above 70 on the day. Johnny Jacobson and Mayr each posted a 14.300 on the event to lead the Orange and Blue with top-20 finishes.

PENN STATE UNIVERSITY

Behind four All-America performances from senior Trevor Howard the Penn State men's gymnastics team finished fifth overall at the 2016 NCAA Championships at St. John Arena Saturday, Apr. 16. The Nittany Lions

scored a 425.400.

Howard earned All-America status on the vault (3rd – 15.300), still rings (6th – 15.100), all-around (6th – 86.500) and floor exercise (8th – 14.650). Howard becomes just the fourth Penn State men's gymnast to grab All-America status all four years in the history of the program.

HOWARD

Also earning All-America status was Leroy Clarke, Jr., who placed eighth on the still rings with a 15.000. The honor marks the second of his career as he garnered All-America status on the parallel bars in 2015.

After the parallel bars PSU found itself in a slight hole, sitting in fifth overall after one rotation. Howard finished a team-best 16th overall with a 14.450, while Clarke placed 24th with a 14.200. Finally, Alexis Torres rounded out the top three finishes for Penn State with a 14.000.

Clarke was just shy of All-America honors on the high bar leading Penn State with a 14.700 and tying for ninth overall. Competing in his first NCAA Championships, freshman Wyatt Tyndall put up a career-high 14.300 on the high bar to place 24th overall and second for Penn State.

Howard nabbed his first of four All-America honors, tying for eighth overall on floor with a 14.650, while DiFulvio finished second for Penn State with a 14.450 in the event.

On pommel horse Colin Coates paced PSU tying for 18th overall with a 14.250, while Christian McSwain and Clarkes finished closely behind with matching 14.200s to tie for 20th overall in the competitive field.

Howard once again led the Nittany Lions with a 15.100 and his second All-America honor of the day to tie for sixth overall on the rings, while Clarke captured All-America status placing eighth with a 15.000. DiFulvio rounded out the top three for Penn State with a 14.400.

Howard did what he does best and tied for third overall in the vault event with a 15.300 which was his second-best score of the 2016 campaign, while DiFulvio placed 13th with a 14.900.

Howard was the lone all-around competitor for Penn State, placing sixth overall with an 86.500 to nab his fourth All-American honor of the night.

UNIVERSITY OF MINNESOTA

The University of Minnesota finished sixth at the NCAA Championships on Saturday night. It was the Gophers' first top-six finish since 2007. Junior Zach Liebler, Joel Gagnon and freshman Justin Karstadt earned All-

America honors. Liebler collected two top-eight finishes.

Liebler tied for seventh in Vault with a score of 15.100. He and Gagnon tied for eighth on Floor Exercise with scores of 14.650. Karstadt was eighth on Pommel Horse at 14.950. Both Liebler and Gagnon earned All-America status on Floor last season as well.

Like Friday's qualifying session, the Gophers opened Saturday on the Pommel Horse. Karstadt turned in the Gophers' best score with a 14.950 to end the rotation. His score ranked eighth overall to put him on the podium.

The Gopher were sixth after Pommel Horse and remained there after Still Rings. Montague turned in a 14.350 for the Maroon and Gold's top score in the event.

Liebler's 15.100 tied for seventh overall on Vault. Gagnon, who had not competed in Vault on Friday, earned a 14.850. Karstadt's 14.750 was the Gophers' third best on the Vault.

Tristan Duran got a 14.550 on the Parallel Bars, a team-best.

Jalon Stephens again led Minnesota on the High Bar, turning in a 14.700. The High Bar was the final collegiate routine for both Montague (14.400) and Danny DiBenedetto (14.200).

On Floor Exercise Liebler and Gagnon's 14.650 scores led the way and tied for eighth overall. Freshman Vitali Kan followed with a 14.500.

Tristan Duran competed in the All-Around both nights and in spite of hitting 12 of 12 routines narrowly missed making the All-American podium. Duran finished in 9th with 85.05 and Karstadt was 13th with 83.75.

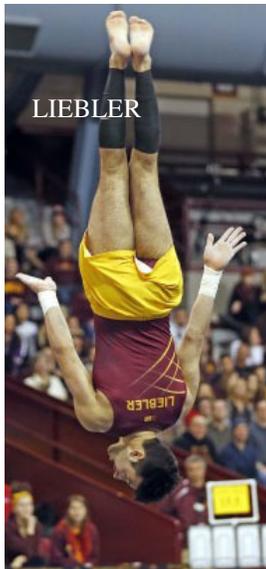

TEAMS NOT ADVANCING TO FINALS

UNIVERSITY OF NEBRASKA

Seven members of the Nebraska team advanced to the individual event finals at the 2016 NCAA Championships on Saturday, April 16 at St. John Arena in Columbus, Ohio. Despite a tremendous effort, Nebraska missed out on a spot in the team finals by .400 points.

Sam Chamberlain and Ethan Lottman, Austin Epperson, Anton Stephenson, Antonio Castro, Connor Adamsick and Kyle King all qualified for the finals after their performances on Friday afternoon at the first preliminary session of the championships.

On still rings Ryan Irick and Alex Magsam stuck their landings. The pair, along with Epperson had the highest scores for the Huskers on the event with 14.10. J. King and Joshua

Everitt notched scores of 14.00 and 13.85, respectively. Stephenson, competing in the all-around notched a 13.50. As a team, Nebraska was in third place after the first event.

The Huskers moved to vault where K. King led the team with a 15.05. Magsam and Chamberlain each added support with 14.65. Antonio Castro earned a 14.35. NU remained in third place after the second rotation.

On parallel bars, NU had a strong performance (70.25) and moved into second place halfway through the meet. Chamberlain and Stephenson led the effort with scores of 14.85, and finished with the highest score of the session. Epperson posted a 14.10.

Next for Nebraska was high bar, where Lottman posted a career-best score of 14.30. J. King and Leal pitched in score of 14.10 and 13.85, respectively. The team moved down one spot to fourth place after the event.

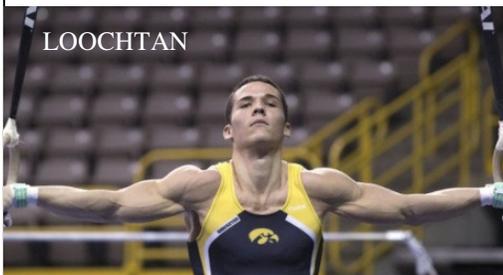

On floor NU moved back into third place. Epperson (14.95) and Connor Adamsick (14.45) led the effort, with help from K. King who earned 14.25. Stephenson pitched in a score of 14.05.

Nebraska put on a stellar performance on pommel horse, earning a team score of 71.35. Irick started the team off strong with a 13.90. Castro powered through his routine and earned a 14.95. Stephenson and J. King added 14.10 and 12.95, respectively. Lottman, the anchor on the event, led the team and had the highest overall score (15.40), giving the Huskers a shot at finishing in the top three, but it was not to be.

UNIVERSITY OF IOWA

The University of Iowa qualified five Hawkeyes for day two of the NCAA Championships on Friday night inside St. John Arena.

Matt Loochtan (all-around), Jack Boyle (all

-around), Cory Paterson (high bar), Dylan Ellsworth (vault), and Austin Hodges (high bar) qualified for day two of the NCAA Championships.

As a team, Iowa placed fourth overall with a score of 423.250 and missed the cut to quali-

fy as a team for team finals. This allowed gymnasts to qualify individually for the second day.

Iowa began on high bar, Boyle led the team with a 14.500 and placed seventh overall. Paterson qualified on the event with a 14th place finish with a score of 14.250 while Hodges tied for 15th place and scored a 14.200 to qualify as well.

On floor exercise, Loochtan led the team, posting a score of 14.550 to tie for eighth place, Ellsworth placed 18th, recording a score of 14.200, and junior Mark Springgett tied for 20th with a 13.950.

The Hawkeyes failed to land a gymnast in the top 10 on pommel horse during the third rotation. Hodges led the team in 12th place, posting a 14.650 and senior Emmanuel Monroy finished in 16th place with a score of 14.300.

Loochtan found himself in the hunt for the event title on rings during the fourth rotation. He posted a 14.900 for fourth place overall while Boyle followed closely behind, placing seventh with a 14.750 effort.

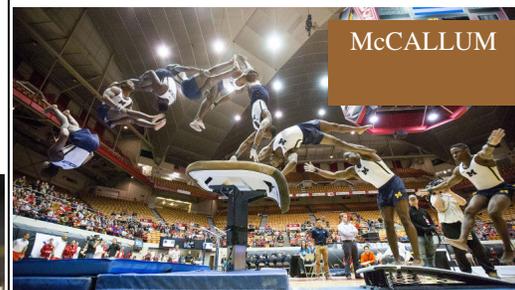

Ellsworth qualified for day two during the fifth rotation on vault. He stuck his landing on vault on his way to a fifth place finish with a score of 15.200. Loochtan tied for 13th with a score of 14.900.

In the final rotation on parallel bars, Ellsworth led the team, tying for 10th place and posting a 14.000. Boyle placed behind him in 13th with a score of 14.000.

Loochtan (84.850) and Boyle (84.600) competed all-around for the Hawkeyes and qualified for day two in the all-around competition, finishing in second and fourth place, respectively.

UNIVERSITY OF MICHIGAN

The University of Michigan, competing in NCAA Qualifying session II, took fifth place with a team score of 422.150 en route to seven gymnasts qualifying on 14 routines Friday (April 15) at Ohio State's St. John Arena.

The Wolverines began the night on still rings where freshman Anthony McCallum scored a 14.500, while Colin Mahar stuck his landing to earn a 15.100 and the second-highest score of the session.

On vault McCallum asserted himself as a strong contender for the NCAA vault title, taking only a small step on his Yurchenko 2.5 for a 15.600 as the anchor on the event. He was accompanied by Emyre Cole, who secured a 15.15 to take sixth and earn an event finals berth as the Wolverines scored a solid

74.400.

Leading by .500 after two rotations, U-M was forced to count two falls on parallel bars, and relinquished its top spot on the night. U-M did however secure individual qualifiers on parallel bars in Dmitiri Belanovski (14.450) and Marty Strech on parallel bars, while Belanovski also qualified on high bar with a 14.300.

On floor U-M took three of the top four scores on the session, as both Cole and Anthony Stefanelli scored matching 15.000s, while Strech took fourth with a 14.75. The rotation was good enough to move U-M into fifth-place in the session, a spot that the Wolverines hung on to.

On the pommel horse Nolan Novak qualified for the event finals with an 8th place score of 14.80.

UNIVERSITY OF CALIFORNIA

With a team score of 421.350 at the NCAA Championship Qualifier California's 2016 season came to an end on Friday.

Despite Kevin Wolting claiming the session's all-around title with a score of 87.100 and Yordan Aleksandrov reaching the high-

bar podium, the team finished in fifth place in the six-team session.

After posting season-low team scores on the parallel bars and high bars, the Bears collected themselves and finished the third event with the second highest team floor score. Wolting anchored the event for Cal and scored a 15.200. The second highest floor score in the session.

On the pommel horse Takahiro Kawada scored a 15.200, which was just shy of his personal season-high mark and was good enough for the second highest score in the event Friday afternoon. Wolting backed up Kawada's score with the eighth highest score on horse in the session with a 14.650.

Kyle Zemeir led the way for the Bears on the rings as he posted a 14.500 that was tied for the ninth highest score in the session.

In Cal's final event, vault, redshirt freshman Michael Rauchwerger posted a personal season-high with a 14.900. Meanwhile, the event's anchor, Wolting, sat .850 points atop the all-around leaderboard. He needed a solid score to secure the event title and the senior came through with a 15.200, tying Minnesota's Zach Liebler for the vault title. In total Wolting finished in the top-10 of three of the six events and in the top-3 of two of them.

U. S. AIR FORCE ACADEMY

Highlighted by a runner-up finish on the high bar from Chase Cannon, Air Force ac-

counted for at least one top-10 finish in five of six events during the NCAA National Qualifier, which concluded April 15 in Columbus, Ohio.

Cannon, who finished second on the high bar with a score of 15.050, led the Falcons to eight top-10 finishes – and four top-five marks. Arinn Wade and Tim Wang finished fifth (15.150) and eighth (14.800), respectively, on the pommel horse, while Wang added a fifth-place total of 84.300 in the all-around and a sixth-place score of 14.600 on the floor exercise. Denis Aurelius scored a 14.850 to tie for fifth on the still rings, while freshman Jake Stanley tied for 10th on the parallel bars with a 14.100.

Aurelius and Wang each accounted for one additional finish within the top half of the field, as Aurelius finished 12th on the floor exercise (14.400) and Wang tied for 14th on the parallel bars (13.900).

Eric Klein and Ryan Girouard tied for 20th on the floor exercise with matching scores of 13.950, while Klein earned the same placement on the high bar after scoring a 13.700. Christian Kalustian rounded out Air Force's top-20 finishers, as he scored a 14.550 to tie for 20th on the vault.

Based on their individual event finishes in the qualifier, five Falcons advanced to the finals of the NCAA Championships. Aurelius (still rings), Cannon (high bar), Stanley (parallel bars), Wade (pommel horse) and Wang (pommel horse) will compete in their respective events tomorrow (April 16).

U.S. NAVAL ACADEMY

Navy completed team action at the NCAA Championships on Friday with a 410.1-point result in the first team qualifying session. The Mids finished in sixth place in the session. Friday was the first time since 2009 that a complete Navy team was represented at the national championship meet.

Jonny Tang, Eric Poletti and Connor Gon-

zales led Navy's effort on Friday with strong results in the all-around and ring competitions. Tang was the third-highest ranked gymnast amongst the non-advancing teams in the all-around with a score of 82.4. In the rings, Poletti and Gonzales advanced to Saturday's finals on the strength of the first and third-highest scores at 14.65 and 14.5, respectively.

Navy's day began with an inauspicious start as the first of its 30 routines was cut short. Starting on the high bar, John-Charles Arion was the first Midshipmen to step up for action and less than a minute into his routine, a flip and subsequent slip off the bar resulted in a significant fall and sustaining of injuries to his face. Unfazed, David Frick stepped up to the high bar and turned in a 13.75 score that was tied for best in the Mids' lineup; three gymnasts later, Tang equaled Frick's output. On less than five minutes notice, Jacob Moses was the man to step into the lineup and register Navy's fifth score. The alternate recorded a score of 13.25 in the emergency relief appearance.

The Mids got into more of a regular flow during the floor exercise rotation and Mitchell Larios and Tang led Navy with respective results of 13.95 and 13.8.

On the pommel horse Eric Morrison posted a 14.05 score. Noah Beeman recorded Navy's second-best result on the apparatus with a 13.75 mark. Michael Dorsey posted a 13.3.

Adversity struck the Mids again in the rings rotation as the fourth man in the lineup, Gonzales, was nearly through his routine when his hand guard snapped and he lost control of his grip, falling to the floor below. With two teammates left to perform on the event, Gonzales was able to take advantage of the rule that allows competitors to restart a routine should there be an equipment malfunction. Less than five minutes after the equipment glitch, Gonzales regrouped and performed his entire routine to a strong 14.5 score that was tied for ninth overall and worthy of a spot in Saturday's finals. All the while, Gonzales' tribulation was going-on, Poletti calmly stepped to rings and turned in the session's seventh-best score at 14.65.

In vaulting Andy Jones highlighted the team's lineup with a 14.5 mark to rank 19th overall. The duo of Frick and Zac Ceroli followed up Jones' result with respective scores of 14.3 and 14.15. With his 14.0, Tang was the fourth Mid to meet the mark.

The parallel bars were the final event of the day for Navy. The Mids finished tightly packed together as their top-three scorers, Tang, Larios and Connor Westrick ranked 22nd, 23rd, and 24th overall at 13.8, 13.75 and 13.65, respectively.

In the all-around competition Tang placed sixth overall with a combined score of 82.4, while Beeman posted an 80.75 to finish 10th amongst the field of all-around gymnasts. Tang advanced to Saturday's championship action.
