Dear Mrs Goodsir

Julie

Thank you for contacting me regarding the proposed redevelopment of a significant area steeped in military history and the admirable work of the Committee of the Headland Preservation Group in Mosman.

The RSL has deep concern over the proposed redevelopment and its resulting loss of our cultural heritage, including the area's early military occupation which can be traced back to 1801.

I am in favour of the Headland Preservation Group who are fighting to protect the historical and cultural integrity of Middle Head which includes the 10 Terminal Regiment building.

I believe that the area should be kept in its current state in order to preserve the memory of our Military and those who gave their service to this country in time of war .

Yours sincerely,

Don Rowe
