“Over a period of more than seven months, the *Texas Lawyer* editorial department researched lawyers in private practice as well as federal and state prosecutors. We also accepted nominations from individuals who saw excellence in their legal colleagues. Most importantly, we spoke to hundreds of attorneys across the state and asked them who they would turn to if they needed representation in a particular practice area. The result is the *Go-To Guide* listing the Lone Star State's top attorneys in 27 practice areas.”
