

Pancakes, Pancakes

By: Eric Clarle

- 1) After watching the video read aloud of pancakes pancakes, print the following pictures on our website as a sequencing story retell for your TK/1st graders.
- 2) Fine motor, math, and sequencing: Have your kids cut out the pictures, glue and label them in order on blank pieces of paper of what happened first, second, third and so on in the story. Staple all the pages together and draw your own cover.
- 3) Lay out all the ingredients and materials needed to make pancakes as the characters in the book did.
- 4) You know what to do next... Make homemade pancakes with your mama! Note: In the story "Jack" wanted to have strawberry jam with his pancakes. What do you like with your pancakes? Maple syrup, powdered sugar, whipped cream, bananas, blueberries or chocolate chips. Enjoy! (See recipe)
