

Cooped Up

Let's review what we've learned about chickens.

- 1) How many chickens total do we have at the Little Red school house?
- 2) Since we have six hens and two roosters,
(and hens lay 1 egg per day) how many eggs are laid each day?
- 3) What do chickens eat?
- 4) How long is the chicken life cycle?
- 5) The mama hen sits on her eggs for several weeks so that
the eggs can remain at a constant temperature of ???
- 6) Using the chicken flash cards, Can you match up some
of the chicken breeds with Mrs. Madden's chickens?
- 7) Do chickens have feathers or fur ?
- 8) What came first the chicken or the egg? .
