

Florida Giant Map Activity

Questions:

1. In this map, draw a triangle around the compass. Draw a square around the title and a circle around the legend.

Title: Hawaii "Aloha State"

Compass- Red area on left with arrows pointing North, South, East and West

Legend- Box where it says key, right below the compass

2. Label each of the directions of the compass rose. You can use this chart for the questions referring to the map of Florida.

3. Look at this map of Florida. If you go from Orlando to Georgia, you are going **NORTH**

If you go from Gainesville to Pensacola, you are going **WEST**

If you go from Miami to the Florida Keys, you are going **SOUTH**

If you go from Tallahassee to Jacksonville, you are going **EAST**

FLORIDA

MAP KEY

★	State capital
● ● ●	City or town
— — —	Canal
— — —	State boundary
	Swamp
	Indian Reservation
	National Park Service
	National Forest land

4. Using this legend, can you tell me what the three blue lines running from Lake Okeechobee to the Atlantic Ocean on the Florida Giant Map are?

Canals

5. Using this legend, can you tell me what the green patch just north of Orlando is?

National Forest land

Matching:

Each hemisphere matches with a different letter. Can you match them all?

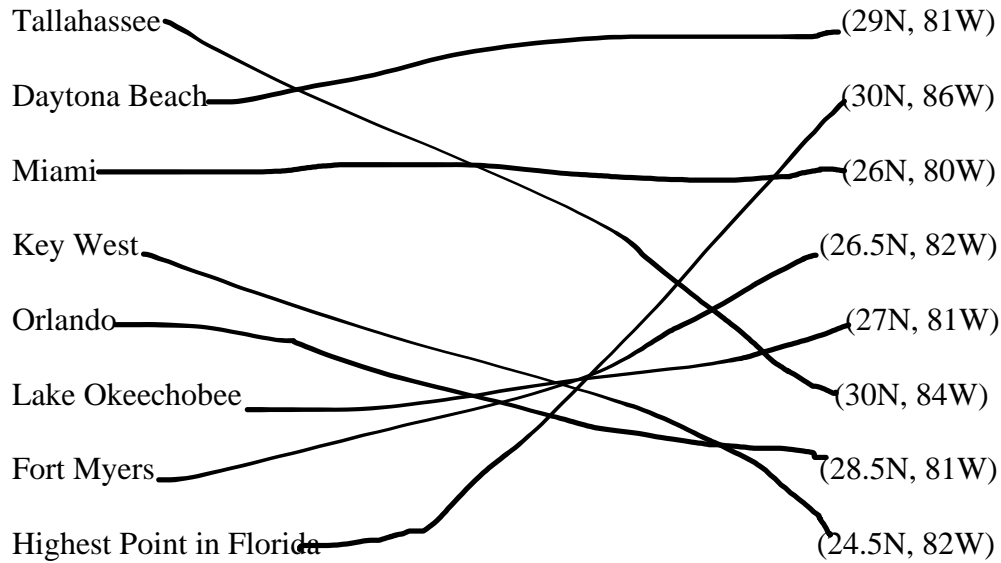

Hemisphere: North (N), South (S), East (E), West (W)

City:

Letter and Number:

Tallahassee	G6
Daytona Beach	H4
Miami	C1
Panama City	E2
Orlando	D2
Lake Okeechobee	H3
Fort Myers	I7
Highest Point in Florida	H5

City:

Bonus Question: If you look on the upper/lower and left/right sides of the map, there are Ns and Ws (next to each coordinate point). Why are they on this map?

N= Northern hemisphere, W= Western hemisphere

Florida is in the north and west hemispheres
