## SAFE AND SUPPORTIVE SCHOOLS ANNUAL CONFERENCE PREVENTION – INTERVENTION – RESPONSE

Join us for an annual conference that brings together educators, support personnel, service providers, first responders, and researchers. Covering best practices in ensuring school safety, enhancing school emergency preparedness, and improving school climate, this event will include inspiring keynote presentations, informative breakout sessions, and opportunities to learn from peers.

*Conference topics will include:*

- School-wide strategies for safe and supportive schools
- Strategies for intervening early with students who need more supports
- Preparedness for campus and community crises as well as large scale disasters
- Effective approaches to coordinating with community partners
- Plans for recovery for significant incidents and large scale disasters
