**SBA LOAN TYPES & TERMS:** The SBA has many different types of loan programs. The flagship loan product is called the “7(a) Loan” and comes in many different formats and variations. You can borrow up to \$5 million (504 projects can go higher) with terms based on your ability to repay and the use of loan proceeds but cannot exceed 25 years. All SBA loans are fully amortized and do not include any balloon notes, points, or other typical commercial loan fees. Interest rates are capped by law. Loan approval is subject to SBA eligibility requirements and lender credit standards at time of application. Some loan restrictions apply such as business type – inquire with local SBA lender of choice.

**CREDIT HISTORY (FICO SCORES):** Please note that most lenders require a minimum credit score in the mid- 600’s to low 700’s for a SBA loan. After obtaining a credit report and your score is less than this range, we suggest you consider “credit repair” before approaching a lender.

**COLLATERAL:** All participating lenders will require collateral to secure their loan – typically business or personal assets. In addition, owners and spouses are expected to personally guaranty the loan. The amount and type of collateral will vary from lender to lender. Most lenders require the applicant to pledge their residence as collateral if sufficient equity exists. Note the SBA loan guaranty issued to the lender to encourage them to approve your loan mitigates much of the “borrower risk” but does not eliminate the need for collateral to protect the lender or the government.

Note that **(I)** in red means the lender requires or prefers the borrower to have outside income to repay the loan in addition to start-up income. F – Yes, but SBA approved Franchises Only.
