

Washington State Organizations That Promote NAR Teachings and Practices

The New Apostolic Reformation (NAR) is not a single organization, but a movement of independent churches, organizations, and leaders. Since it's not a formal organization, there are no official lists of NAR churches or leaders. The groups and individuals listed below appear to us, to the best of our knowledge, to promote key NAR teachings and/or NAR leaders. The inclusion of a specific group or individual in this list is not intended to imply that they embrace every NAR teaching and practice. Nor is this list exhaustive. Certainly, many more churches and organizations in Washington state promote NAR teachings, in varying degrees.
