HARREXGROUP

THE GO TO PEOPLE >

The future is not tied to tradition

Innovation has fuelled commerce

Innovation means leaving the safety of business-as-usual and pushing boundaries

It means challenging people to rethink the way we do business

It means doing things differently

For us, it means moving beyond tradition and being remunerated solely on delivery of agreed outcomes, not hours charged to the job

It means providing customers with a more visionary range of ideas and advice, including access to a world class network of non-accounting business specialists

It also means fronting up and putting our shoulder to the wheel to help customers manage change, growth, and new projects

THE HARREX GROUP IS LOOKING FOR TALENTED GO TO PEOPLE FOR OUR NEW INVERCARGILL OFFICE

If you have GET UP AND GO, and know you should have GOT UP AND LEFT before now, then consider a future with the Harrex Group
