## **MACY**

8 year old all liver female GSP who was rescued from a shelter. She has beautiful deep brown eyes that can melt you when she looks at you. She's fit and loves to go for walks, is great on a leash and knows many of her commands. Macy is very affectionate with people, but needs some work on socializing with other dogs. Macy shows great potential to be a loving companion for the right person.

**California GSP RESCUE** is a breed-specific Rescue specializing in German Shorthaired Pointers (GSPs), however, from time to time other breeds find their way into our rescue. As a not-for-profit organization, we operate through volunteers and networking to assure proper placement and lifetime assistance for each dog and enjoyment by adopting families. All dogs are altered, vaccinated, micro-chipped, and come with a warranty contract which provides lifetime training and support.
