

Employee Matching Programs

The Maverick Marching Band is always looking for new and successful ways of funding the needs of the Band Directors and the overall program. We are well on the way of making our Marching Band program World Class. While traditional funding sources and internal fund raising efforts continue to be a challenge, we are asking our parents and friends and supporters of the program to seek out their employers and discover if their companies will match employee contributions to qualified charitable organizations, allowing you to double even triple your support to the Band.

Below is a list of companies that offer matching programs of some kind. The list is not all-inclusive and does not guarantee that a matching gift will be approved, so please check with your Human Resources or Community Relations departments to see what programs are available and what forms need to be submitted.

If your employer currently has a matching program but is not listed here, please email Brian Kerman at bcob@mcneilband.org and we will be glad to add it to the list.
