Why choose our school holiday programme?

- **Water Safety:** On all our offsite programme activities we have a minimum of one staff member for every eight children. Whenever we take children anywhere near water – to pools or beaches – we increase our staff numbers to 1:5.
- With our long experience in running excellent school holiday programmes, we've got all the systems, processes and training in place to make joining us as effortless as possible for parents and a lot of fun for your children.
- We provide healthy afternoon snacks for the children.
- In all activities, we place children in compatible age groups to ensure they have the best time.
- Our longer hours are perfect for working parents: drop children off at the location you've selected as early as 7.30am and collect them as late as 6pm.
- At all our activities and at all times we ensure there are staff qualified in First Aid treatment.
- We take the best care of your children – all our programmes meet Oranga Tamariki standards.
- As our programmes are accredited by Ministry of Social Development, subsidies are available.
