BLOCK OF ROOMS HELD

VIP perks include being bumped to the top of the list for hotel assignments. A block of rooms will be held for your guests for a two week time period. After that, the block is released back into inventory and guests will not be guaranteed to be at the same hotel as the team.

Guests should book their rooms on their own. Rooms are not assigned until the reservation is paid in full. Booking a room does not secure a reservation. The room will not be assigned/blocked until it has been paid. The team room block will only be guaranteed IF THE NAMES are in the system ON THE ROOMING LIST by the due date given.
