Profile

Mary Herbin-Horan has been living and working in the Chicagoland area for 35 years. As an experienced hand therapist, Mary has treated traumatic hand injuries, sports injuries, work-related injuries, arthritis, and repetitive motion disorders. She has worked with children, the elderly, musicians, and working people from every walk of life. Mary's specialties include: a holistic approach to treatment, use of proprioceptive neuromuscular facilitation techniques, ergonomics, returning injured workers to work, and static and dynamic splinting.

Education

- BA, Occupational Therapy; University of Kansas
- Masters in Clinical Psychology; Roosevelt University
