Profile

Rebecca “Becky” Ogiela, PT, MPT has been practicing since 1999 in orthopedics with the majority of her years at Illinois Bone & Joint Institute. Becky was originally from the south suburbs of Chicago but was still raised a Chicago Cubs fan.

Becky enjoys treating a variety of patient diagnoses including but not limited to spine, SI joint, knee and shoulder. Becky feels that using a collaborative approach with the patient and physician will provide the best outcomes. Becky takes into consideration patient’s diagnosis, complaints, lifestyle, and concerns when tailoring both manual techniques and therapeutic exercises into a program to ensure optimal outcomes. She feels communication between clinician and patient are the key to success.

Becky’s background in swimming and softball contribute to her understanding of the sports related mind set of quick and safe return to play. Outside of the clinic, Becky enjoys spending time with her family, hiking, camping, and being outdoors.

Education

- Masters in Physical Therapy; Governors State University
- Bachelors in Science: St. Xavier University
