Profile

Jackie Stahl, PTA has been practicing since 2011. Jackie has been working at the Illinois Bone & Joint Institute office in Glenview since fall of 2015. Prior to beginning at the Illinois Bone & Joint Institute Jackie spent the first three years of her career in a sub-acute setting with a special interest in the geriatric population. Originally from Chicago, Jackie lived in Delray Beach, FL where she attended college at Florida Atlantic University and South University.

Jackie enjoys treating a wide variety of diagnosis with a special interest in joint replacements. She has a passion for treating injuries that involve the hip and knee. Jackie played on a travel flag football team for over 4 years and is interested in treating athletes. In her spare time, Jackie enjoys traveling, exercising, and spending time with her family. Currently, Jackie is working towards completing her bachelors degree in exercise physiology at Concorida of St. Paul. Minnesota.

Education

- Physical Therapist Assistant, South University West Palm Beach, FL
