Profile

Ashley joined the IBJI team in 2014 following graduation from Rosalind Franklin University of Medicine and Science with a Doctor of Physical Therapy degree. In early 2016, she was promoted to Assistant Facility Manager at the Grayslake clinic. Her interest in rehabilitation began in high school when she became involved in student athletic training.

Ashley enjoys treating a variety of diagnoses from joint replacements to sports injuries. She has also developed an interest in the treatment of foot and ankle along with orthotic fabrication. Ashley is excited to be working at IBJI Grayslake with a great team and appreciates the inter-professional environment that IBJI provides.

Outside of work she enjoys spending time locally with family and friends. She also loves to exercise and spend time outdoors including sailing in the summertime.

Education

- BS, Kinesiology - Michigan State University
- Doctorate of Physical Therapy - Rosalind Franklin University of Medicine and Science
