

CAN HERNE BAY RUN ITS OWN MUSEUM?

Can we do it?

Yes! We can - if YOU help.

- **We have the building.**
- **We have the exhibits.**
- **We have the history.**

We need to show that we can use them to educate and entertain.

Canterbury City Council is giving Herne Bay a chance to run Herne Bay Museum.

The Historical Records Society and Friends of the Museum want to form a trust to do just that. but they need YOU, and many others.

We need volunteers in the Museum when open.
We need people to organise the volunteers.
We need people with communication, training, health and safety, and display skills.

If you can help, or just think you might be able to help, please give us your contact details.

SEE OVER...

To make this work we will also need: people with management, business, finance, fundraising and leadership skills.

Previous experience of working in a museum isn't necessary.

This will be about a lot of people doing a little rather than a few people doing a lot.
