

Summer Reading

Mr. Teal

Due 12 August 2016

*Golden Goblet* Summer Reading Paper Guidelines

This summer you need to read the *Golden Goblet*. When you get back from school, this will be your first assignment. Do not write the paper over the summer. I want to walk through the process with you in literature class. Please read this carefully and take some notes on the characters and their friendship. Read through the assignment before you begin the book, so you will know what to be thinking about as you read.

These are the assignment guidelines:

In a 2 page paper (a solid 5-paragraph essay), answer and discuss the following question. Remember to pay close attention to the MLA format that you were taught in Mrs. Geiger's class (also see the guidelines on the second page), and make your writing clear and well ordered. You must have a clear and concise thesis statement and use examples from the book (do not use direct quotes).

In comparing and contrasting Ranofer and Heqet as friends, how do their similarities and differences affect their friendship and how does this affect the end of the story? (your three points are underlined)

(Underlined are the three major points of that topic)
