

JOHN O'MALLEY

First Quarter, 2013

Dear Pastor,

Thank you for your faithful support and commitment to our ministry. This year marks the 20th year of service with World Wide New Testament Baptist Missions. I rejoice in the day that God called me to return to missions. In these past two decades we've seen souls saved, lives changed, and the daily load of benefits from God. Thank you for your investments in eternity.

I am in the planning stages of going with a college student to the Solomon Islands in May. The trip is to help him identify the place God wants him to serve. We will visit both islands indicated to the right. The trip will be costly. God touched one church and they sent \$1000 of the \$4000.00 needed. I will also visit a WWNTBM missionary in Australia on this trip. Please pray for safety, wisdom, and financial supply.

The Lord gave me opportunity to speak in a dozen missions conferences this quarter. There were hundreds of thousands of dollars committed to missions. I was also blessed to speak in my home church's missions conference in January.

Please pray for the opportunities I have to work with college students, missionaries, and churches. Pray that God will use me to mobilize others to go, pray, and give.

There are 7000 languages in the world. Less than five percent of those languages have a whole Bible for that people group. It is a startling fact that most languages have no one working on a faithful, accurate, and trustworthy translation of the Bible for that language. What will you do this year to advance the cause of Scripture translation for these languages to get a Bible?

For the harvest,

John O'Malley
