

Prescribed Fire on Private Lands

Tuesday, May 23, 2017

9 am - 4:30 pm

The Brass Rail

395 Lakeview Hwy, Alturas

Are you interested in using prescribed fire as a management tool? Do you have a general understanding of the role of fire, but want to gain skills in burn planning and implementation? If so, this workshop is for you!

This all-day workshop is designed for landowners and land managers, and anyone else who is interested in gaining skills in prescribed fire planning and implementation.

Topics include:

- Keynote on fire history in Modoc County by Carl Skinner, retired Geographer/Researcher from the USFS Pacific Southwest Research Station
- Using prescribed fire to manage California rangelands
- Prescribed burn associations: a model for private lands burning
- Prescribed fire permitting and legal considerations
- Air quality and smoke management
- Fire weather: forecasting and online tools
- Fire terms and fire behavior
- Burn planning: developing a prescription, environmental considerations
- Burn unit preparation: techniques, firebreaks, equipment
- Tools and equipment for the day of burn
- Mop up and patrol

This event is \$15 and includes workshop materials, lunch and refreshments.

Registration and Credit Card Payments Online at:

<https://ucanr.edu/survey/survey.cfm?surveynumber=20767>

Or call 530-233-6400 by May 16

The workshop will be led by cooperative extension staff in collaboration with local federal and state agencies.
