## YBOCS

Recent research has shown that obsessions and compulsions occur quite commonly among normal people. While completing the inventories below, please keep in mind the following definitions of obsessions and compulsions.

**OBSESSIONS** are unwelcomed and distressing ideas, thoughts, or impulses that repeatedly enter your mind. They may seem to occur against your will. They may be repugnant to you, you may recognize them as senseless, and they may not fit your personality.

Examples of an obsession are recurrent thought or impulses to do harm to a child even though you never would and the idea that household cleansers may lead to contamination and serious illness.

Obsessions differ from worries in that worries are about possible negative things related to life problems that you are afraid might happen. For example, you may worry about failing an exam, about finances, health, or personal relationships. In contrast to obsessions, your worries don't usually seem totally senseless, repugnant, or inconsistent with your personality.

**COMPULSIONS**, on the other hand, are behaviors or acts that you feel driven to perform although you may recognize them as senseless or excessive. Usually compulsions are performed in response to an obsession, or according to certain rules or in a stereotyped fashion. At times, you may try to resist doing them but this may prove difficult. You may experience discomfort that does not diminish until the behavior is completed.

Examples of a compulsions are the need to repeatedly check appliances, water faucets, and the lock on the front door before you can leave the house and repeated handwashing. While most compulsions are observable behaviors, some are unobservable mental acts, such as silent checking or having to recite nonsense phrases to yourself each time you have a bad thought.

Compulsions, as we define them here, are not to be confused with other kinds of compulsive behavior such as overeating, gambling, drinking alcohol, overshopping, or other "addictive behaviors."

Give the above definitions, please read carefully each item on the checklist below and 1) place a check mark beside each obsession and compulsion that you currently experience and that you have experienced at some time in the past. If you placed a check mark beside obsessions or compulsions that you currently experience; 2) circle the 2 most upsetting obsessions that you currently experience; and 3) circle the 2 most upsetting compulsions that you are currently engaged in.

## YALE BROWN OBSESSIVE-COMPULSIVE SCALE SYMPTOM CHECKLIST

_____	_____	34. Certain colors have special significance to me	Fear of using objects of certain colors (e.g. black may be associated with death, red with blood or injury)
_____	_____	35. I have superstitious fears	Fear of passing a cemetery, hearse, or black cat; fear of omens associated with death

**Somatic Obsessions:**

<u>Past</u>	<u>Current</u>		<u>Examples</u>
_____	_____	36. I am concerned with illness or disease	Worries that you have an illness like cancer, heart disease or AIDS, despite reassurance from doctors that you do not
_____	_____	37. I am excessively concerned with a part of my body or an aspect of my appearance (dysmorphophobia)	Worries that your face, ears, nose, eyes, or another part of your body is hideous, ugly, despite reassurances to the contrary

**COMPULSIONS:**

**Cleaning/Washing Compulsions:**

<u>Past</u>	<u>Current</u>		<u>Examples</u>
_____	_____	38. I wash my hands excessively or in a ritualized way	Washing your hands many times a day or for long periods of time after touching, or thinking that you have touched a contaminated object. This may include washing the entire length of your arms
_____	_____	39. I have excessive or ritualized showering, bathing, tooth brushing, grooming, or toilet routines	Taking showers or baths or performing other bathroom routines that may last for several hours. If the sequence is interrupted, the entire process may have to be restarted
_____	_____	40. I have compulsions that involve cleaning household items or other inanimate objects	Excessive cleaning of faucets, toilets, floors, kitchen counters, or kitchen utensils
_____	_____	41. I do other things to prevent or remove contact with contaminants	Asking family members to handle or remove insecticides, garbage, gasoline cans, raw meat, paints, varnish, drugs in the medicine cabinet, or kitty litter. If you can't avoid these things, you may wear gloves to handle them, such as when using a self-service gas pump

## Checking Compulsions:

<u>Past</u>	<u>Current</u>		<u>Examples</u>
_____	_____	42. I check that I did not harm others	Checking that you haven't hurt someone without knowing it. You may ask others for reassurance or telephone to make sure that everything is all right
_____	_____	43. I check that I did not harm myself	Looking for injuries of bleeding after handling sharp or breakable objects. You may frequently go to doctors to ask for reassurance that you haven't hurt yourself
_____	_____	44. I check that nothing terrible happened	Searching the newspaper or listening to the radio or television for news about some catastrophe that you believe you caused. You may also ask people for reassurance that you didn't cause an accident
_____	_____	45. I check that I did not make a mistake	Repeated checking of door locks, stoves, electrical outlets, before leaving home; repeated checking while reading, writing, or doing simple calculations to make sure that you didn't make a mistake (you can't be certain that you didn't)
_____	_____	46. I check some aspect of my physical condition tied to my obsessions about my body	Seeking reassurance from friends or doctors that you aren't having a heart attack or getting cancer; repeatedly taking pulse, blood pressure, or temperature; checking your appearance in a mirror, looking for ugly features

## Repeating Rituals:

<u>Past</u>	<u>Current</u>		<u>Examples</u>
_____	_____	47. I reread or rewrite things	Taking hours to read a few pages in a book or to write a short letter because you get caught in a cycle of reading and rereading; worrying that you didn't understand something you just read; searching for a "perfect" word or phrase; having obsessive thoughts about the shape of certain printed letters in a book
_____	_____	48. I need to repeat routine activities	Repeating activities like turning appliances on and off, combing your hair, going in and out of a doorway, or looking in a particular direction; not feeling comfortable unless you do these things the "right" number of times

### Counting Compulsions:

Past     Current  
\_\_\_\_\_     \_\_\_\_\_     49. I have counting compulsions

#### Examples

Counting objects like ceiling or floor tiles, books in a bookcase, nails in a wall, or even grains of sand on a beach; counting when you repeat certain activities, like washing

### Ordering/Arranging Compulsions:

Past     Current  
\_\_\_\_\_     \_\_\_\_\_     50. I have ordering or arranging compulsions

#### Examples

Straightening paper and pens on a desktop or books in a bookcase, wasting hours arranging things in your house in "order" and then becoming very upset if this order is disturbed

### Hoarding/Collecting Compulsions:

Past     Current  
\_\_\_\_\_     \_\_\_\_\_     51. I have compulsions to hoard or collect things

#### Examples

Saving old newspapers, notes, cans, paper towels, wrappers and empty bottles for fear that if you throw them away you may need them; picking up useless objects from the street or from garbage cans

### Miscellaneous Compulsions:

Past     Current  
\_\_\_\_\_     \_\_\_\_\_     52. I have mental rituals (other than checking/counting)

#### Examples

Performing rituals in your head, like saying prayers or thinking a "good" thought to undo a "bad" thought. These are different from obsessions, because you perform them intentionally to reduce anxiety or feel better

\_\_\_\_\_     \_\_\_\_\_     53. I need to tell, ask, or confess

Asking other people to reassure you, confessing to wrong behaviors you never even did, believing that you have to tell other people certain words to feel better

\_\_\_\_\_     \_\_\_\_\_     54. I need to touch, tap, or rub things

Giving in to the urge to touch rough surfaces, like wood, or hot surfaces, like a stove top; giving in to the urge to lightly touch other people; believing you need to touch an object like a telephone to prevent an illness in your family

<u>Past</u>	<u>Current</u>		<u>Examples</u>
_____	_____	55. I take measures (other than checking) to prevent harm or terrible consequences to myself or family	Staying away from sharp or breakable objects, such as knives, scissors, and fragile glass
_____	_____	56. I have ritualized eating behaviors	Arranging your food, knife, and fork in a particular order before being able to eat, eating according to a strict ritual, not being able to eat until the hands of a clock point exactly at a certain time
_____	_____	57. I have superstitious behaviors	Not taking a bus or train if its number contains an “unlucky” number (like thirteen), staying in your house on the thirteenth of the month, throwing away clothes you wore while passing a funeral home or cemetery
_____	_____	58. I pull my hair out (trichotillomania)	Pulling hair from your scalp, eyelids, eyelashes, or pubic areas, using your fingers or tweezers. You may produce bad spots that require you to wear a wig, or you may pluck your eyebrows or eyelids smooth

## YALE BROWN OBSESSIVE-COMPULSIVE SCALE (Y-BOCS) – Part 2

Thank you for completing the Y-BOCS checklist. Please make sure you circle the 2 most upsetting obsessions that you currently experience and that you circled the 2 compulsions that cause you the most difficulty. Remember the definitions of obsessions and compulsions and the examples of each that you may have noted on the checklist. Please place a check mark by the appropriate number from 0-4 under each question below. If you are currently not experiencing any obsession or compulsions, you may simply enter zeros for the questions, then continue to the next question.

**OBSESSIVE THOUGHTS:** Review the obsessions you checked on the Y-BOCS Symptom Checklist to help you answer the first five questions. Please think about the last seven days (including today), and check one answer for each question.

**1. TIME OCCUPIED BY OBSESSIVE THOUGHTS:** How much of your time was occupied by obsessive thoughts? How frequently did these thoughts occur?

- \_\_\_\_\_ 0 = None
- \_\_\_\_\_ 1 = Less than 1 hour per day, or occasional intrusions (occur no more than 8 times a day)
- \_\_\_\_\_ 2 = 1-3 hours per day, or frequent intrusions (most of the day are free of obsessions)
- \_\_\_\_\_ 3 = More than 3 hours and up to 8 hours per day, or very frequent intrusions
- \_\_\_\_\_ 4 = More than 8 hours per day, or near-constant intrusions

**2. INTERFERENCE DUE TO OBSESSIVE THOUGHTS:** How much did these thoughts interfere with your social or work functioning? Is there anything that you didn't do because of them?

- \_\_\_\_\_ 0 = No interference
- \_\_\_\_\_ 1 = Mild, slight interference with social or occupational performance, but still performance not impaired
- \_\_\_\_\_ 2 = Moderate, definitive interference with social or occupational performance, but still manageable
- \_\_\_\_\_ 3 = Severe interference, causes substantial impairment in social or occupational performance
- \_\_\_\_\_ 4 = Extreme, incapacitating interference

**3. DISTRESS ASSOCIATED WITH OBSESSIVE THOUGHTS:** How much distress did your obsessive thoughts cause you?

- \_\_\_\_\_ 0 = None
- \_\_\_\_\_ 1 = Mild, infrequent, and not too disturbing distress
- \_\_\_\_\_ 2 = Moderate, frequent, and disturbing distress, but still manageable
- \_\_\_\_\_ 3 = Severe, very frequent, and very disturbing distress
- \_\_\_\_\_ 4 = Extreme, near-constant, and disabling distress

4. RESISTANCE AGAINST OBSESSIONS: How much effort did you make to resist the obsessive thought? How often did you try to disregard or turn your attention away from those thoughts as they entered your mind?

- \_\_\_\_\_ 0 = I made an effort to always resist (or the obsessions are so minimal that there is no need to actively resist them)
- \_\_\_\_\_ 1 = I tried to resist most of the time (e.g. more than half the time I tried to resist)
- \_\_\_\_\_ 2 = I made some effort to resist
- \_\_\_\_\_ 3 = I allowed all obsessions to fill my mind without attempting to control them, but I did so with some reluctance
- \_\_\_\_\_ 4 = I completely and willingly gave in to all obsessions

5. DEGREES OF CONTROL OVER OBSESSIVE THOUGHTS: How much control did you have over your obsessive thoughts? How successful were you in stopping or diverting your obsessive thinking?

- \_\_\_\_\_ 0 = Complete control
- \_\_\_\_\_ 1 = Much control; usually I could stop or divert obsessions with some effort and concentration
- \_\_\_\_\_ 2 = Moderate control; sometimes I could stop or divert obsessions
- \_\_\_\_\_ 3 = Little control; I was rarely successful in stopping obsessions and could only divert attention with great difficulty
- \_\_\_\_\_ 4 = No control; I was rarely able to even momentarily ignore the obsessions

OBSESSION SUPTOTAL (Add items 1-5) \_\_\_\_\_

COMPULSIONS: Review the compulsions you checked on the Y-BOCS Symptom Checklist to help you answer these five questions. Please think about the last seven days (including today), and check one answer for each question.

6. TIME SPENT PERFORMING COMPULSIVE BEHAVIORS: How much time did you spend performing compulsive behavior? How frequently did you perform compulsions?

- \_\_\_\_\_ 0 = None
- \_\_\_\_\_ 1 = Less than 1 hour per day was spent performing compulsions, or occasional performance of compulsive behaviors (no more than 8 times per day)
- \_\_\_\_\_ 2 = 1-3 hours per day was spent performing compulsions, or frequent performance of compulsive behaviors (most hours were free of compulsions)
- \_\_\_\_\_ 3 = More than 3 hours and up to 8 hours per day were spent performing compulsions, or very frequent performance of compulsive behaviors (during most hours of the day)
- \_\_\_\_\_ 4 = More than 8 hours were spent performing compulsions, or near-constant performance of compulsive behaviors (hour rarely passes without several compulsions being performed)

7. INTERFERENCE DUE TO COMPULSIVE BEHAVIOR: How much did your compulsive behaviors interfere with your social or work functioning?

- \_\_\_\_\_ 0 = No interference
- \_\_\_\_\_ 1 = Mild, slight interference with social or occupational activities, but overall performance not impaired
- \_\_\_\_\_ 2 = Moderate, definite interference with social or occupational performance, but still manageable
- \_\_\_\_\_ 3 = Severe interference, substantial impairment in social or occupational performance
- \_\_\_\_\_ 4 = Extreme, incapacitation interference

8. DISTRESS ASSOCIATED WITH COMPULSIVE BEHAVIOR: How would you have felt if prevented from performing your compulsion(s)? How anxious would you have become?

- \_\_\_\_\_ 0 = Not at all anxious
- \_\_\_\_\_ 1 = Only slightly anxious if compulsions prevented
- \_\_\_\_\_ 2 = Anxiety would mount but remain manageable if compulsions prevented
- \_\_\_\_\_ 3 = Prominent and very disturbing increase in anxiety if compulsions interrupted
- \_\_\_\_\_ 4 = Extreme, incapacitating anxiety from any intervention aimed at reducing the compulsions

9. RESISTANCE: How much effort did you make to resist the compulsions? Or how often did you try to stop the compulsions?

- \_\_\_\_\_ 0 = I made effort to always resist (or the symptoms were so minimal that there was no need to actively resist them)
- \_\_\_\_\_ 1 = I tried to resist most of the time (e.g. more than half the time)
- \_\_\_\_\_ 2 = I made some effort to resist
- \_\_\_\_\_ 3 = I yielded to almost all compulsions without attempting to control them, but I did so with some reluctance
- \_\_\_\_\_ 4 = I completely and willingly yielded to all compulsions

10. DEGREES OF CONTROL OVER COMPULSIVE BEHAVIOR: How much control did you have over the compulsive behavior? How successful were you in stopping the ritual(s)?

- \_\_\_\_\_ 0 = I had complete control
- \_\_\_\_\_ 1 = Usually I could stop compulsions or rituals with some effort and willpower
- \_\_\_\_\_ 2 = Sometimes I could stop compulsive behavior but only with difficulty
- \_\_\_\_\_ 3 = I could only delay the compulsive behavior, but eventually it had to be carried out to completion
- \_\_\_\_\_ 4 = I was rarely able to even momentarily delay performing the compulsive behavior

COMPULSIVE SUBTOTAL (Add items 6-10) \_\_\_\_\_

11. Do you think your obsessions or compulsions are reasonable or rational? Would there be anything besides anxiety to worry about if you resisted them? Do you think something would really happen?

- \_\_\_\_\_ 0 = I think my obsessions or compulsions are unreasonable or excessive
- \_\_\_\_\_ 1 = I think my obsessions or compulsions are unreasonable or excessive, but I'm not completely convinced that they aren't necessary
- \_\_\_\_\_ 2 = I think my obsessions or compulsions may be unreasonable or excessive
- \_\_\_\_\_ 3 = I don't think my obsessions or compulsions are unreasonable or excessive
- \_\_\_\_\_ 4 = I am sure my obsessions or compulsions are reasonable, no matter what anyone says
